

## FFEL Program Lenders

The lenders below have signed agreements with EdFund and are eligible to participate in the FFEL Program. Some lenders may not lend to all borrowers at every school. This comprehensive list is intended to help you provide a full lender choice to your parents and students who are interested in FFEL Program loans.

Lenders often have more than one lender ID code, depending on the specific program and their origination and servicing arrangements. You may want to contact these lenders to find out which code to use for your borrowers.
